**CERTIFICATION OF THE ADMINISTRATIVE RECORD FILE FOR THE OPERABLE UNIT 15  
RECORD OF DECISION - TGH-269-95**

To the best of my knowledge and belief, Kaiser-Hill has collected those relevant documents which we reasonably believe the Department of Energy, Rocky Flats Field Office (DOE, RFFO) has considered or relied upon in selecting the response action for Operable Unit (OU) 15. Kaiser-Hill has maintained this Administrative Record File consistent with applicable Environmental Protection Agency regulations and guidance regarding the Comprehensive Environmental Response Compensation and Liability Act administrative records, and existing procedures developed to support the environmental remediation program at the Rocky Flats Environmental Technology Site. Kaiser-Hill is not able to certify as to which documents have actually been relied upon and considered by DOE, RFFO in the response action selection for OU 15.

If you have any questions or require further information, please call Stephen Hahn, of my staff, at extension 9888.
